

Thank you for your interest in the OXZGEN Line of CBD Products. We commend your inquiry; your diligence to find the best and purest CBD has brought you to the right place.

The 5LINX OXZGEN CBD Products are produced with 99% plus CBD Hemp Extract. There is no detectable THC in any of the current products. We start with a US grown hemp that is genetically grown to be less than 0.3% THC and then CO2 processed to extract just the CBD. The remaining less than 1% does not include any THC. This is tested by the processor and the product manufacture to assure there is no THC.

We look forward to providing you with the best and purest CBD Products available.

Sincerely,

Nelson Gerard, *Chairman of the Board*
